ATTRACT

SELL

OPERATE

DECIDE

SCALE

COMPLETE PRODUCT PORTFOLIO

Each solution can start as a focused product and evolve in layers.

01 DIGITAL EXPERIENCE

Attract, explain and convert.

- P01 Conversion landing page
- P02 Corporate website
- P03 Product or campaign microsite
- P04 Content & SEO portal
- P05 Bookings & appointments website
- P06 Online academy / LMS
- P07 Membership & digital community
- P08 Configurator, calculator or simulator

02 SALES & COMMERCE

Capture, sell and retain.

- P09 Multichannel sales funnel
- P10 Custom CRM
- P11 Marketing automation
- P12 B2C e-commerce
- P13 B2B digital commerce
- P14 Marketplace
- P15 Subscription platform
- P16 Loyalty & referrals

03 APPS & OPERATIONS

Digitize processes and real work.

- P17 Custom web application
- P18 iOS / Android mobile app
- P19 Progressive Web App (PWA)
- P20 SaaS product
- P21 Modular ERP
- P22 Operational back office
- P23 Customer portal
- P24 Supplier or partner portal
- P25 Case or process management
- P26 Project & resource management
- P27 Field service & onsite work
- P28 Help desk & ticket management

04 DATA & AUTOMATION

Connect, measure and remove friction.

- P29 Systems integration & APIs
- P30 Process automation
- P31 Document automation & approvals
- P32 Business intelligence & dashboards
- P33 Data platform
- P34 Data quality & governance
- P35 Operational alerts & monitoring
- P36 Enterprise search & knowledge base

05 APPLIED AI

Assist, execute and anticipate.

- P37 Intelligent chatbot
- P38 Transactional assistant
- P39 Internal knowledge copilot
- P40 Sales & service copilot
- P41 Document intelligence
- P42 AI agents
- P43 Voice agents
- P44 Forecasting & recommendation

06 INDUSTRY PLATFORMS

Products, data and AI for every industry.

- P45 Legal & compliance
- P46 Healthcare, clinics & wellness
- P47 Real estate, architecture & construction
- P48 Retail & consumer brands
- P49 Education & professional services
- P50 Logistics & transportation
- P51 Finance & insurance
- P52 Travel & hospitality
- P53 Industry & maintenance
- P54 Public sector & organizations

CROSS-FUNCTIONAL CAPABILITIES

Quality and experience built into every product.

- UX/UI
- Accessibility
- Security
- Identity / profiles
- Payments / billing
- Multilingual
- Offline
- Notifications
- Cloud
- Analytics
- Observability
- Data migration

CONNECTED ECOSYSTEM

Shared identity · connected data · cross-functional automation · compounding intelligence

A landing page can evolve into a funnel and CRM; an ERP can add portals, BI and AI agents.

PROJECT MODELS

We engage where the business needs us.

- New product
- Redesign & modernization
- Systems integration
- Dedicated team
- Discovery & UX/UI
- MVP / prototype
- New module
- Platform migration
- Maintenance & evolution

A clear first phase. An architecture ready to evolve.

New product · MVP · modernization · integration · migration · dedicated team · evolution
